

Website usage terms and conditions

General

Thank you for your interest in the SS-tracking Website at www.ss-tracking.com (referred to briefly as “SS-tracking” in this statement). The issue of data protection and confidentiality is a topic taken very seriously by us. With this statement on data protection measures, we would therefore like to provide you with information on the kind of data which we – that is, SS-tracking – may wish to save and how we use such data.

Storage and use of data

As a visitor to our website, you will remain anonymous. The data we save and analyze is used for statistical purposes only, for instance to ensure the continuous improvement of our services. The data we save to our servers contain the name of your Internet service provider, the Website from which you have visited us, the SS-tracking Web pages you have looked up, your IP address and the date and duration of your visit. As a customer you will be subjected to our terms & conditions.

Collection, processing, and use of personal data

We only collect and process personal data if you make use of specific services and if you have voluntarily given us your express consent. You may do so, for instance, as part of a registration procedure, by completing a form or by sending us an e-mail. Unless we are subject to other legal commitments, we will only use your personal data for the purposes for which you have given your consent. Your personal data will not be shared by us with third parties unless you have given your consent or unless we are instructed to do so by the authorities.

Right of access, correction, and objection

If you have shared personal data with us you are entitled to review and correct any of your personal data we have saved, and you may withdraw your consent to the use of your data at any time, affecting all future use unless you have a current contract. All you need to do is send a message by e-mail for the Attention of the Customer Care Manager at customercare@ss-tracking.com

Data protection and security

All our staff and all third parties involved in data processing are bound by an obligation of confidentiality in the use of personal data. Our data protection measures are continually updated.
